

How to connect i10-Laserbot to Grunn Robotics App?

GRUNN
ROBOTICS

All devices

1) Ensure your mobile phone is connected to a home Wifi network (5G networks are not supported). Register for an account via our App.

2) At the Home Page, click on “+” button to start

Device

On-line Mall

Profile

3) Click on “i10-Laserbot”

Recently selected

Robot

i10-Laserbot

i7-Gyrobot

Press and hold the Wi-Fi button on the main unit for 3 seconds, the voice prompt "Wi-Fi has been reset".

Reset successfully

4) Press the button (pointed by the red arrow) as shown in the photo below for 3-5 secs, until the button flashes blue colour.

5) Press "Reset successfully" at the bottom of the App page

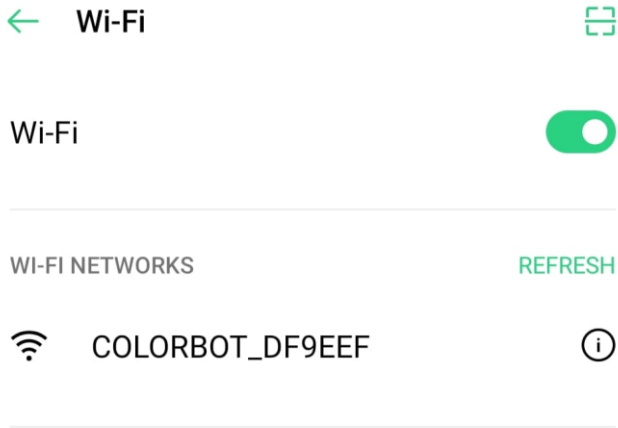

Please configure the Wi-Fi that Robot will connect during working

ⓘ Not supporting 5G network.

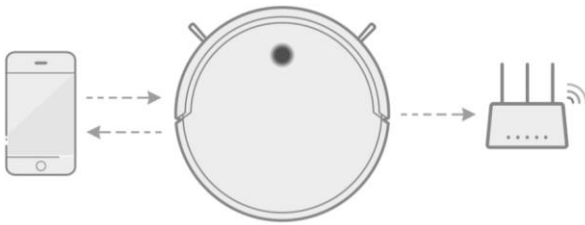

Next

6) Key in your wifi password. Ensure password is entered correctly. Press "Next".

7. Go to mobile Wifi settings and look out for "COLORBOT_XXXXXX". Click to connect.

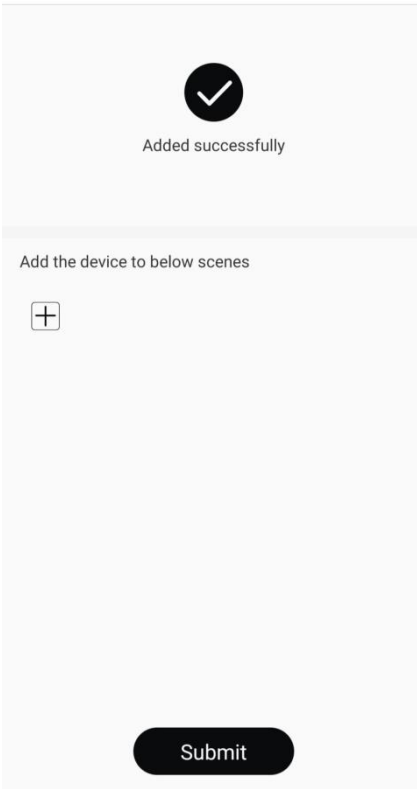

← Connect to internet

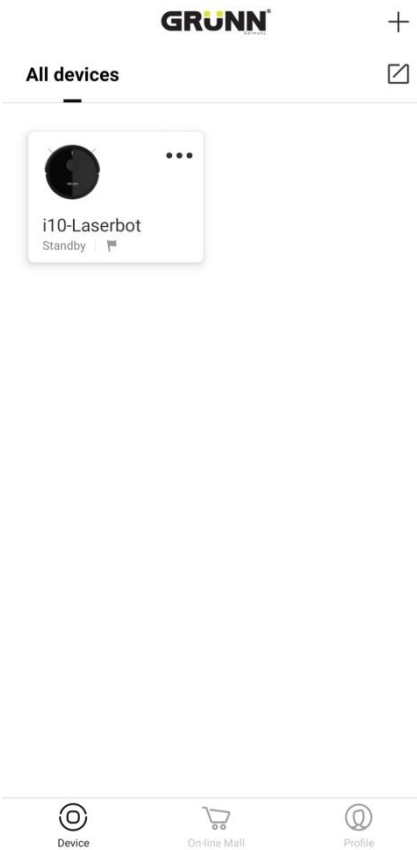

Connecting will last about 90 secs, please be patient

8. Return to the App and you will see this page. Wait for the connection to be completed.

- ✓ Sending message to Robot
- Robot connect with Wi-Fi
- ③ Robot connect with APP
